TO WHOM IT MAY CONCERN

PROUD CONSTRUCTION

It gives me great pleasure to provide the following reference for Proud Construction who have recently completed an upgrade to our school tuckshop, new sports offices, and sports pavilion to the value of R2.3 million.

The construction was supervised by Mr Eddie Locke who was regularly on site and proved himself to, at all times, be willing and flexible in his approach to this contract.

Building on primary school premises surrounded by young children is a daunting task with challenging safety issues. We were at no times concerned, and Mr Locke fenced the area off carefully, and ensured that the working areas were as confined as possible, causing little disruption to the school's daily function.

When building, meeting deadlines are often problematic. Mr Locke was given very tight deadlines when completing the tuckshop so that the safety of our children would be ensured when they returned from holiday. Mr Locke completed before the required date, and the build quality was entirely satisfactory.

I would have no hesitation in recommending Proud Construction to prospective clients feeling confident that you will find Mr Eddie Locke to be competent and easy to work with. The fact that he is always on site is a huge bonus for one when immediate action is required.

Yours sincerely

E. J. J. J.
