WHOM IT MAY CONCERN

This serves to confirm that Proud Construction was responsible for the building alterations to the reception office area and the main entrance at Danville Park Girls' High School in the months of July and August 2013.

Eddie, the owner of the company, was a pleasure to work with. At all times he was courteous, understanding and helpful. Proud Construction, as a team, worked hard and finished the operation ahead of time. Any snags thereafter were timeously attended to. Problems along the way were also attended to immediately. Eddie also showed that he was flexible and had good ideas when dealing with the practical implementation of certain aspects of design. The workers were well supervised and did not intrude on the school at all. The operations of the school were respected. When in doubt, Eddie always consulted Management or the Governing Body regarding details. Eddie takes accountability for his work.

Danville is, therefore, happy to recommend Proud Construction.
